- Must be available for after hour emergency call outs. Must be able to respond within 30 minutes to a call out.
- Must comply with company policies and state guidelines pertaining to drug and alcohol testing for CDL drivers.

### **ENVIRONMENT:**

This is a physically demanding position. You may have to carry all of your supplies and equipment up and down stairs, on sidewalks outside and sometimes for a considerable distance. This will need to be done regardless of weather conditions. There are multiple types of units that need maintained. You will generally work with another maintenance person but frequently you may be expected to work alone.
