Accommodations

The waterfront Port Ludlow Inn offers 37 boutique guest rooms, most with either full or partial water and mountain views. Each guest room is equipped with a cozy gas fireplace, down-filled duvet, Keurig coffee maker, hand crafted lotion, soap, and bath salts, plush bathrobes, and a jetted soaking tub.

Dining Experience

The Resort's Executive Chef Dan Ratigan and The Fireside team have worked to create simple yet sophisticated menus around the produce grown at nearby organic farms, locally sourced meats and seafood, and even a variety of artisan breads, cheeses, and deserts. Our Cellar Master can provide perfectly paired wines for your group's farm-to-table menus. The Fireside's wine program celebrates the grape and mirrors The Fireside's commitment to the local farms, fisheries, and foragers.

Team Building

We offer an array of cooking classes, competitions, and demonstrations that can be tailored to your group's needs. These activities are interactive and feature the abundant farm-to-table ingredients growing at nearby farms. A visit to these farms provides insight into the relationships developed with our local farmers and hands-on experience learning about their sustainable business practices and the support they provide the local economy.
